Report on the Survey Conducted Among the Students of Govt. Autonomous Girls PG College of Excellence, Sagar to Know the Relevance of Their Course the Entrepreneurship and Skill Development

Introduction:

The purpose of this survey was to assess the relevance of the course and entrepreneurship and skill development among the students of Govt. Autonomous Girls PG College of Excellence, Sagar. The survey aimed to evaluate to what extent the course had developed the students' skills in creating a business plan, leadership, critical thinking, data analysis, teamwork, time management, adaptability, communication, problem-solving, task prioritization, creative thinking, technology use, and independent learning.

Methodology:

The survey was conducted among 700 students from various departments of Government Autonomous Girls PG College of Excellence, Sagar. The survey was conducted online, and the participants were asked to rate their response on a five-point scale. The data were collected, analyzed, and presented in the form of a report.

Results:

The following are the results of the survey:

To what extent has your course developed your skills in creating a business plan?
