e-Granthalaya

A Digital Agenda for Library Automation and Networking

General

"Libraries are the social institutions that play vital role in the over-all development of a nation by providing information services to the citizen of a country. In the modern education system, libraries have become an integral part which support learning and research activities. In the present era, every Government Organization has setup library internally as a service and resource centre which meets the information need of the staff for efficiently performing their duties. There are over lakhs of libraries in the country that can be converted to a Knowledge Base Centre by implementing ICT tools and technologies. NIC has taken initiative to computerize Indian Libraries by implementing e-Granthalaya software."
